

# Where Does Everything Go?

The complete SCRgroup journey

1.

Clean out your clothing and small household items from your home

7.

Do a happy dance! You've made your great social and environmental impact!

6.

Items that are left over, are sent to our partner sorting facility in Malaysia for repurposing in communities across the globe.

2.

Book a pickup online on a day that suits you. \$1 from every booking goes to a charity of your choice. Yay!

Thread:collect  
[www.threadcollect.com.au](http://www.threadcollect.com.au)

5.

We recycle what we can locally, like worn and torn clothing and hard-to-recycle plastics through our recycling partners.

4.

We work with non-profits to maximise our local social impact, offering reusable items that we collect for their important social causes.

3.

Our friendly team collects your items from your front door and transports them to a local sorting facility.
